Patriarchy, particularly as embedded in the Old and New Testaments, and Roman legal precepts, has been a powerful organising concept with which social order has been understood, maintained, enforced, contested, adjudicated and dreamt about for over two millennia of western history. This brief book surveys three influential episodes in this history: seventeenth-century debates about absolutism and democracy, nineteenth-century reconstructions of human prehistory, and the broad mobilisations linked to twentieth-century women's movements. It then looks at the way feminist scholars have reconsidered and revised some earlier explanations built around patriarchy.

The book concludes with an overview of current uses of the concept of patriarchy - from fundamentalist Christian activism, over foreign policy analyses of oppressive regimes, to scholarly debates about forms of effective governance. By treating patriarchy as a powerful tool to think with, rather than a factual description of social relations, the text makes a useful contribution to current social and political thought.

TEKST: Ida Hjelde. Med *Patriarchy in a Welfare Society* (1984) er Harriet Holter inne i kanonen med sitt andre bidrag – her som redaktør for en samling av ti tekster. Oversettelse for 'patriarchy' i den engelsk-norske ordboken og mange andre norske oversettelser - helt gratis.

Widows and patriarchy Seventeenth-century devotional literature for bereaved women Booksellers and printers in seventeenth-century Denmark–Norway seem to have. Er det private fortsatt politisk i norsk samtidpoesi? Hvem står i så fall på de private, men samtidig politiske barrikadene? For én kveld er BokTorsdags svar.
